

## Receiver Connection

### 1. Power on the receiver

- Press the power button for 1 second.
- The receiver will scan for available broadcasts. Available broadcast channels will be listed on the display (as shown in the image).
- Connect headphones or a neck loop to listen to the audio.

### 2. Select a broadcast channel

- Use the left soft button or volume buttons to scroll between available broadcasts.
- Press the right soft button under the checkmark symbol to select a channel.

### 3. Changing the broadcast channel

- Press the right soft button to scan for available broadcasts.
- Follow the same process to select a new broadcast channel.

*\*Note, if the screen is off, press the power button or one of the soft buttons to activate the device.*
